Dementia Awareness (Unit 1): Pre-course Activities (3 hours)

Prior to commencing the Dementia course it is recommended that you complete the following two activities.

e-tivity 1 (1 hour)

Purpose
To review your own understanding of the brain prior to commencing the Dementia course

Task
1) Reflect on your own understanding of the brain and which areas are primarily responsible for which functions, by labelling the following diagram:

Compare your labelled diagram to the one below:
After you have had a go at this exercise please review the original to confirm what you have learnt:
