Watch the video and answer the following questions, alone or in groups.

Whilst you are doing this, it may be helpful to think about the definition of Situational awareness:

"the perception of elements in the environment within a volume of time and space, the comprehension of their meaning, and the projection of their status in the near future"  

After watching the DVD in your small group consider the issues that concern you relating to the situation Mildred finds herself in.
Exercise: Note reflections from your practice area

Give a practical definition of Situational Awareness – what does it mean to you
