Team Objective Skills Clinical Examination (TOSCE)

Pre-Workshop Activity (2.5 hours)

Aim of the workshop
To explore the effect of interprofessional working within an stimulated emergency environment to enable future collaborative working

Learning outcomes
By the end of the session you

- Appreciate your role and the roles of other significant health care professionals in an obstetric team during an emergency.
- Have experienced simulated team working in an obstetric team.
- Practised one emergency skills drill as an interprofessional team.
- Demonstrated effective communication with other team members.
- Reflected on the use of an assessment tool for emergency skills drills.

Preparation for the workshop
In order to prepare for the event you need to

1) Review your local Trust Guidelines on the following scenarios:
   - Shoulder Dystocia
   - Postpartum Haemorrhage
   - Cord Prolapse

2) Review National Institute for Health and Clinical Excellence (NICE) guidelines:
   http://guidance.nice.org.uk/CG55

3) Source and read two of the following articles:
